Diligently Do We Learn . . . .

For today's students of Sharples High School, the world grows smaller as man conquers outer space. In contrast, the world grows smaller as man conquers outer space. In contrast, the world of knowledge, experience, and ideas grows to virtually limitless bounds. Opening her doors to all students, S.H.S. offers to each one equal opportunity for an education. How far each one goes in his pursuit of excellence depends on his abilities in addition to his drive and depth of character. But whether in the classroom, laboratory, library, gymnasium, or even into the community and beyond, the chance is there.

Our Talents Are Developed In Many Ways

I am Antonio "The Great".

Que es esto?

What's up Doc?

Get your hands off me!

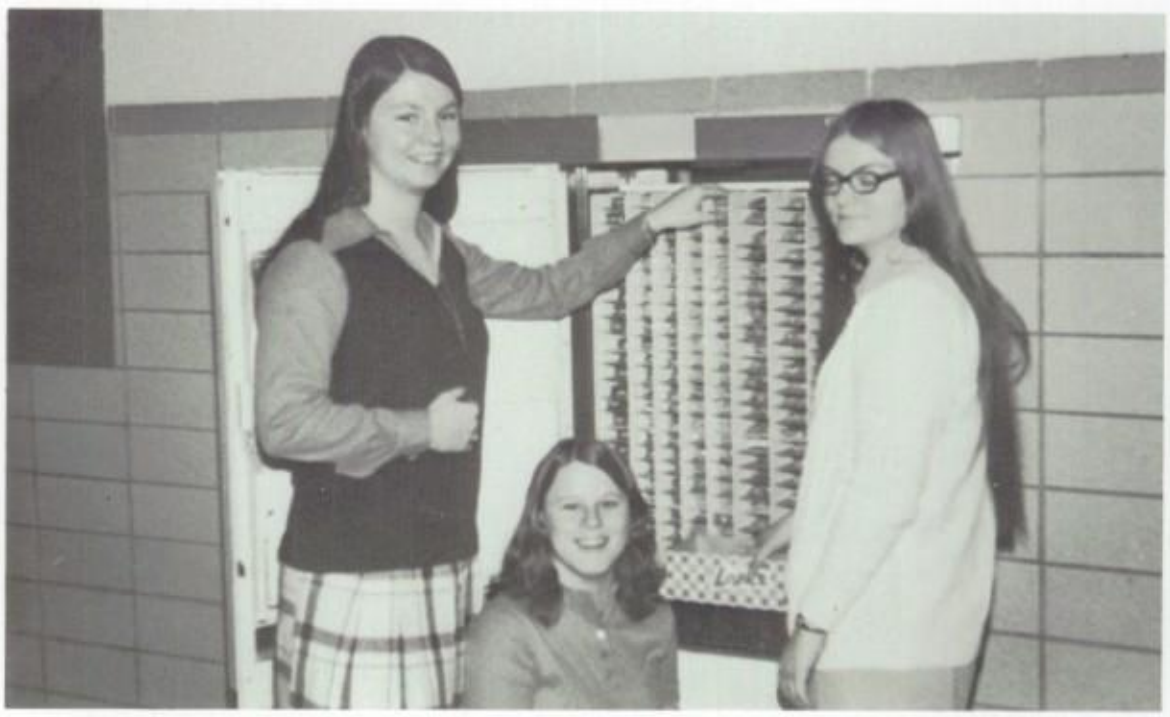
It's like this.

I could sleep anywhere.

Ready! Aim! Fire!!

We are number one.

Smile! You are on candid camera!



The preparation of this yearbook has, as always, required long hours of work, the sponsoring of a number of money making activities and the cooperation and aid of many people in addition to the yearbook staff and sponsor. Without the help of these people this book would not be possible. We hope all who see the book enjoy its contents, look back upon some of the happenings with joy, nostalgia, excitement and sometimes sorrow at the remembrance of joys that will never again be shared with those who were dear friends at the time.
